Checklist for One Health Epidemiological Reporting of Evidence (COHERE)

Joint Tripartite (FAO, OIE, WHO) and UNEP Statement
Tripartite and UNEP support OHLEP's definition of "One Health"
1 December 2021

WissHom
Wissenschaftliche Gesellschaft für Homöopathie
Scientific Society for Homeopathy

www.wisshom.de

- The aims of the COHERE standards are, on the one hand, to improve the quality of reporting of observational or interventional epidemiological One Health studies and, on the other hand,
- to "promote the concept that One Health studies should integrate knowledge from these three domains" of human, animal and environmental health

One Health 4 (2017) 14–21
